SUBJECT.

Reviews the Adm^n. Report of the Shimoga Dist Bd for the year 1919-20.

Boards had their own non-official Vice Presidents during the year. A non-official Vice President was also elected for the reconstituted District Board - It is unsatisfactory to note that though 105 Village Panchayats had been constituted in the several Talukas, most of them have yet to be brought into working order. Now that separate Treasury accounts have been ordered to be opened for all the Village Panchayats, who have been given ~~large~~ wide powers in administering their own affairs, we hope that better progress will be shown in future in the working of the Village Panchayats.

II. Meetings & attendance

The District Board held 5 meetings during the year. The average attendance was 27.5 for a total strength of 36 members against 16.8 for a strength of 27 members for the previous year.

G. R. S. 27]

GENERAL AND REVENUE SECRETARIAT.

(Continuation sheet draft form.)

The Taluk Boards held only 53 meetings against 61 for the previous year. It is seen from the report that all the Taluk Boards except those of Shimoga and Kanara, held the prescribed number of meetings and that though the total number of meetings held by the village Panchayats was 476 against 227 for the previous year, the prescribed number of 12 meetings were not held in most of them. Explanations should invariably be given in the future reports for not holding the required number of meetings of the local bodies.

III Financial position.

The opening balance at the Commencement of the year was Rs. 2,88,303, the total receipts and expenditure under all heads being Rs. 185,939 & Rs. 170,027 against Rs. 232,678 and Rs. 185,671 as

for the previous year. The decrease under receipts is attributed to the credit in the account of the previous year of a grant of Rs. 35,000 towards the Drinking water wells Fund and also to a book-transfer credit of Rs. 26,731. This same book-adjustment on the debit side in the account of the previous year is reported also to be the cause for the decrease under expenditure during the year. The ordinary receipts & Expenditure of the Board for the year under review were, ~~however~~, Rs. 183,024 & Rs. 155,709 respectively.

The total demand for the year was Rs. 254,072 including Rs. 59,186 the arrears of the previous years. The total Collections were Rs. 185,939 or 73.18 per cent of the demand. The total remissions for the year were Rs. 2356 leaving a balance

of Rs. 65,777 at the end of the year

fixed to Collection work.

IV. Public Works.

The budget allotments for the
execution of works by the
P.W.D. and the Civil Dept.
were Rs. ~~65,705~~ 89,380 and
Rs. 33,068 respectively. Out
of these allotments, the P.W.D.
spent Rs. 65,395 or 74.16 p.c.
and the Civil Dept only
Rs. 7053 or 21.33 p.c. The
heavy lapses allowed by the civil
dept. is accounted for by the
non-utilization of the budget-
grants by the newly constituted
Village Panchayets which
have yet to be brought into
working order. ~~The Govt~~ Govt.
is requested to issue instructions
to the Collectors concerned
that provision is ordinarily made
in the budget for only such

It is hoped that the
allotments will be
fully utilized by the
Panchayets in future
years.

that 163 miles of roads have
either been newly opened or repaired
by the Village Committees at a
Cost of Rs. 14,983. Fuller particulars
should have been given -

of the D.T. roads in the District
continue to be far from satisfactory

The attention of the Chief Engr.
is ~~again~~ invited to this and
he is requested (~~to submit a~~

into the reasons for this state of
things and advise the Board in the
~~matter~~ at an early date)
measures necessary for their improvement.

incomplete at the beginning of the year, making a total of 120 wells. Only 15 wells out of these 120 wells are reported to have been completed at a cost of Rs. 11,301 leaving still incomplete at the close of the year ~~a large number of~~ 105 wells. Before launching fresh wells every year, the President is requested to see that arrangements are made for the completion of the major portion of the incomplete works of the previous years and that fresh launchings are given only ~~in a few cases~~ sparingly according to a prearranged programme,

and arrears
to Rs. 7,6,150 but the
actual Collection up to the
end of the Year was only
Rs. 2,65,137 or 34.63 p.c.
During the year only Rs. 17,331
was Collected on this account.
The reason for this poor
progress in the Collections
should have been explained.

V. Public Health.

Vaccination.

The number of births
and deaths registered
was 7597 & 7224 respectively
against 6531 & 39,242
in the previous year showing
a slight increase in the
number of births and an appreciable decrease in the number of deaths during
the Year. The decrease
under death was due to the
non-appearance of any
other epidemics than small-
pox which prevailed
in a mild form.

VI. Vaccination: The number of persons vaccinated with the aid of 4 Vaccinators (including one Reserve Vaccinator) was 15,720 against 10,709 for the previous year. But it is observed that the number of vaccinations performed by the special vaccinators assisted by 4 additional Vaccinators employed under the Mulanad Improvement Scheme during the year was only 729 against 2,705 of the previous year. This is quite unsatisfactory. It is hoped that better supervision & Scrutiny would be exercised in future over the work of these special Vaccinators.

development since transferred to the District Bd. A local self-Govt section is stated to have been added to the District Conference which met at Shimoga on the 25th & 26th March last.

The Vaidyanatha samaj for Harihara in the year 1910, was opened during the year & the Arya samaj the opening of a Female dispensary at Kallurkatte.

The appendices received with the report have been incorrectly prepared. details have not been given in many cases. Figures in the statements do not tally in some cases with those given in the body of the report. Strict instructions should be given to the Heads of the several Taluk Offices
